

E-PROPS

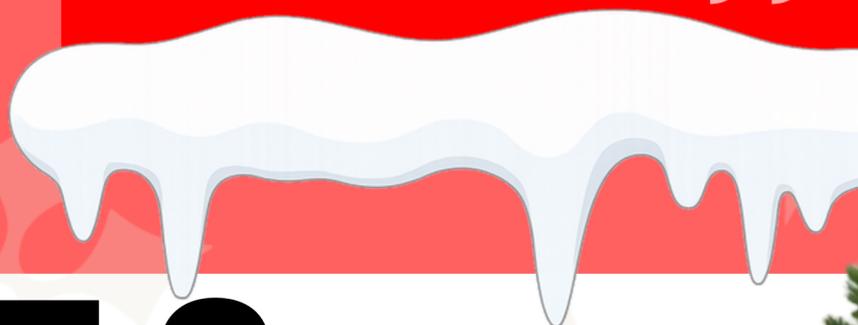

FLY FAST - FLY SAFE

“

As the end of the year approaches, the entire E-Props team would like to extend our best wishes for the holiday season. Your trust and loyalty are the driving force behind our continued innovation.

”

2025 ? An extraordinary year!

This year has been marked by remarkable achievements:

- +15 new team members: We now number 67 at E-Props
- The 300,000th blade came off the production line: A historic milestone
- The factory has been expanded to 8,200m² to support our rapid growth
- And on world podiums: E-Props reigns supreme in paramotoring!

WORLD CHAMPIONSHIP

Once again this year, our propellers have powered exceptional competitors to the top. Their technical mastery and determination have propelled E-Props to the highest ranks in world standings.

SLALOM:

- PF1: Gold and Silver
- PF1S: Gold and Bronze
- PL1: Silver and Bronze
- PL1S: Gold and Silver

CLASSIC:

- PF1: Silver
- PL1: Gold, Silver and Bronze
- PL2: Gold and Silver

Congratulations to all these champions who do us proud! Their talent and trust in E-Props inspire us and drive us to aim ever higher.

Excalibur 4-blade

flytheicon in the Pig Islands 🐷🌴

Sylvain Parmentier

An aerobatic pilot, his aircraft is equipped with a Glorieuse!

This propeller, made **entirely of carbon** with **titanium leading edge protection**, is **EASA certified (CS-22J)**, with an exceptional TBO of **4,000 hours**. Thousands of them have been flying around the world since 2014, with some **exceeding 10,000 flight hours**. A true technological **revolution**.
